“ Daddy, I will always remember all the wonderful things you made throughout the years. The Christmas decorations on our house,(we would have been stiff competition for the Griswolds) Camping at Jaques Cartier, Honeyoe. I will miss you, but I know you are now free... and you will be busy preparing a place for all of us to join you. Until then, peace and love be with you. You will always and forever be in my heart... I love you daddy..and miss yo already... Maureen

“ Dear Buster.... So many memories of the past. So many joyful moments. I'm sure your Mom and Dad and all our beloved family who have passed were at St. Peter's Gate welcoming you to Heaven! My love, sympathy and prayers are sent to your grieving family. Ellen

“ Things I will never forget about my Grandpa Art. First and foremost, as anyone who knew him would agree, he was a workaholic. He couldn't stay idle, if he wasn't fixing something, he was building something. This is a trait I feel grateful to have inherited from him. Things I felt when I would visit him was that he was always warm, kind, and welcoming. He led a long fulfilling life and will never be forgotten. I'm sure at this point he is rebuilding heaven or something. He also gave me my first tool set for my high school graduation. It was a Craftsman tool set, nothing but the best for his grandson! I still have it and use it on a regular basis. They are lifetime warrantee tools, so I will be able to remember my grandfather forever, working on various projects with my tools, as he would do as well. In closing, he will be dearly missed in

our minds and in our hearts. I am deeply regretful that I couldn't be there along side of my family.
