“ My deepest sympathy to Barry's children and to Linda and Ron. Our parents were good friends and I have many wonderful childhood memories from the summers at our cottages at Conesus Lake. I will never forget the time Barry fell with the water cooler jug, cutting the artery in his arm and his Mom jumping into the truck to rush him to the doctor.

“ I had the pleasure of working with Barry, in the Slide Projector division. He was the kindest, most easy going service engineer I had ever worked with. He was a dedicated family man and always did the right thing. My sympathy to his family and friends, the world has lost a great soul.

“ Having know his daughter Sherry for many years it has been our pleasure to meet Barry also. We visited his home for the first time a few months back, I didnt know his connection to the fire dept or safety, but what I was was memorabilia and fire house connections through his home. He sat comfortable and at peace in his recliner. The fireplace cold as it was warm outside. I walked his yard of beautiful flowers and stopped to pray at the bridge covering the little creek. Im glad to have met him and even though he is gone his legacy will live on in his home, firehouse, family and friends.

“ I knew Barry from his days in the USAF; we were both stationed at Grand Forks AFB in North Dakota. We both drove Triumph TR-3 sports cars so it is natural we became fast friends, something that lasted almost 50 years. I knew him a good friend that would do anything for you, share anything that was his and be there when you needed him. I know he was super active with the BFD, and with national and international fire agencies as well, and I understand that; he was a great giver of time, and a superb worker and leader.

While Carol and my sympathy starts with his immediate family, it extends to all who knew him; I am sure that they feel his passing as sharply as the family. In recent years, some of our best times have been visiting him in Brighton and having him visit us in both Florida and Maine.

We will miss Barry. And Barry...say hi to Bev!

“ Dear Dampier Family,
My deep sympathy to Barry's family on his passing. I have many fond memories of Barry back in the day at Kodak and at Monroe County Chiefs Association and other fire organization gatherings. May his spirit soar!
