“ Gail, Debbie, Marty and Chris,
Our sympathies and prayers are with all of you.
Joe and I have so many memories of Carl, having lived next door to him for almost 28 years (!) It would be difficult to summarize them - but, needless to say, Carl (and Gail) were wonderful neighbors. Some of our favorite memories were of Christmas celebrations with all of you, along with Frank and Carolyn Vischer and their family members - Carl would liven things up with his terrific accordion playing (and he always threw in a polka number in the middle of the carols). We were traveling in FL 2/11-2/18, and were so sad to hear the news of Carl's passing from another neighbor.

“ Carl was my Adirondack canoe partner and hiking buddy dating back to the 1980s when I was invited to join the group to make a foursome. I have very fond memories of Carl and me hauling over beaver dams on the Oswegatchie River, celebrating a birthday along with the black flies, an unforgettable experience with wind and waves on Stillwater Reservoir (the name was definitely not true that day!) - and many more!

Carl was always such an enjoyable presence in our group and I'm privileged to have known him.

Gail, Fray and I give our deepest condolences to you and your family.

“ Carl was an irreplaceable, loving, generous, humorous friend to us and the extended Kipp family. Starting as fraternity brothers in Alpha Chi Rho at Clarkson, Kodak then brought our lives together in Rochester. Over the years, dozens of picnics, restaurant meals together to "catch-up", shared vacations, playing squash, canoe and hiking trips, Hedges gang fall weekends and Canal Society field trips all cemented our bonds of camaraderie. He was always fun to be with, always genuinely interested in us and willing to point out your faults as a true friend will. He was the brother I never had and a de facto uncle to my daughters and sons-in-law. And he taught me how to play euchre the right way. Much love and sympathy to Gail, Debbie, Chris and the grandkids from Mary and Dave

“ Life is a book in volumes three-
The past, the present, and the yet-to-be.
The past is written and laid away, The present we're writing every day,
And the last and best of volumes three Is locked from sight - God keeps the key.

“ Gail, Debbie, Marty, Chris, and girls,
Our hearts go out to you. Carl enjoyed life and loved all of you so much. He was extremely proud of each one of you. We have so many memories of times shared with the Brozeks from Potsdam days up to the present. One we often think of is the time when Debbie and Chris were little and we met you on Wellsley Island for a few days of camping. How it rained! It was an adventure for sure. It is good you have memories to relive. Memories help heal. We send you all our deepest sympathy and much love.
