“ Nana I miss you very much . I loved you very much .you taught me a lot of neat thing to do when you were here with the family we miss you very much and you should know that we all loved you very much since we took care of you in the house. i hope you will never forget all of us the way we made you smile when we did things that were funny. I will never forget the times we danced for you or song for you. love alway's and forever Samantha Belpanno your number one grandchild

“

twenty three years ago I entered your home when your daughter said come for coffee. the feeling of love and freindship was so wonderful I never left. you became "ma" and for that i will always love and miss you. you showed me love and friendship now and forever.

“

Nana being your #1 grandchild hasen't always been an easy thing, you brought me up from a baby loving caring an teaching me everyday of my life in my short past you had a chance to help me grow an learn to be the man, husband, an father i am today. Teaching me to love, trust, an belive in my hearts desire was no easy task for you but you belived in me an you did it I can only hope an pray i've made you proud. I guess i'm on my own now I hope i'll remember all i've learned an will always make you happy to say he's my #1 grandson. ROSES MAY BE RED, VIOLETS MIGHT BE BLUE, BUT I'LL ALWAYS LOVE YOU..... BYE WILLEBUG I WILL MISS YOU.....

“

Gram - Since the age of 16 I did not have any grandparents. From day one you treated me as your own grandchild. I will miss you dearly. You will forever be remembered for your smile and the glitter in your eye. The point of the finger in letting everyone know that you don't agree with what they are saying or doing. But most of all I will remember you for your sincerity, love and compassion. Oh yeah and lets not forget your Pasta Fogli, no one can make it like you. It must of been all the

love you put into it. You will remain in my thoughts and my heart. May you go in peace and be with Pops. You are forever loved Gram and I will miss you. Love, Tracy
