“ Good Bye, Uncle Bill. Although the years have passed, and our communications few, you have regularly been in my thoughts with a smile and well wishes. Lorene Seeler Young (South Florida).

“ When I think of Bill, I see him at the wheel of Gemini puffing on his pipe and checking on his latest drink order . He was a gentleman of the first order and will always have a special place in my heart and memory.

“ It was a sad moment when informed of the passing of Bill. A longtime friend from our growing up neighborhood and Franklin high school graduate (a couple of years before Bill) but wonderful memories. Our coffee get together may be over but the memory never leaves.

“ Bill will be missed by everyone who had the pleasure of his company. I have worked for Bill at his office for many years. We shared many memories of his past and present activities. Even though Bill was my boss he also was a good friend that I will miss for many years to come. R.I.P.
